

## Urban Design Planner

The Tulsa Planning Office at INCOG is seeking qualified applicants for an Urban Design Planner to provide professional planning work in the planning, design, and development of various public and private urban development projects and other related assigned duties.

This position requires knowledge of physical design planning practices and urban design graphic and modeling software. The successful candidate must have the ability to work collaboratively with a wide array of individuals from various backgrounds; complete planning and design assignments through analysis of complex technical and statistical information; formulate creative planning and design solutions; prepare planning documents, urban design graphics, and understand and influence the behavior of others in order to achieve objectives and cause action or understanding.

Minimum qualifications include 3 years' experience in urban design, urban planning, architecture, landscape architecture, or closely related field. A Bachelor's or Master's degree in urban design, urban planning, architecture, landscape architecture, or related field is required.

For full details, visit <http://www.incog.org/index.html>.

Annual salary range starting at \$51,875 specific compensation based on qualifications and experience. Comprehensive benefits package included. Please submit a resume detailing employment history, experience, education, and contact information; a portfolio of work samples demonstrating the experience and skills listed above (the portfolio should be no larger than 10 MB and should be submitted in PDF or website format); and a cover letter that explains why you are interested and qualified for this position to Personnel Director, INCOG, 2 West Second Street, Suite 800, Tulsa OK 74103 or e-mail to [incog@incog.org](mailto:incog@incog.org)
