

THE COMMUNITY VISION 05-15-13

The strategies drafted by the City Council have been translated into the following “Community Vision” for Connecting to the Future: Sapulpa 2030 Comprehensive Plan (2030 Plan):

- A safe place with a sense of community in which to live and work and raise a family where character and culture of the present are connected to the future
- A community built upon strong public-private partnerships working together in the best interests of all of the people and supported by strong leadership and governing principles based upon openness and opportunities for access by all members of the community
- The future is embraced while respecting and incorporating the traditions and history of the past
- A well-maintained, viable and walkable downtown offering a unique shopping experience
- Economic development and job growth is strong
- Opportunities for employment of local residents are great
- Existing business and industry is supported while attracting new and expanded retail, commercial and industrial and development
- Where small town values are woven into pro-growth strategies which produce sustainable results in a business friendly environment
- A destination offering visitors and residents alike exciting opportunities for living, working and shopping as well as for recreation and entertainment
- Livability of quality neighborhoods is supported by well-maintained public infrastructure and services
- A living experience which offers opportunities for participation by all ages
- A variety of housing styles and costs combined with affordable housing creating a living experience characterized by a strong sense of community
- An exciting place to call home
- Development and growth is taking place in harmony with the natural environment
