

2030 Osage County Comprehensive Plan

Please NOTE: Per Oklahoma Corporation Commission "These maps and images of Commission Orders are provided as a convenience to the citizens of Oklahoma in determining the location of Certified Territories as defined by the Retail Electric Certified Territory Act found at 17 O.S. Section 158.21 et seq. The locations of boundaries as provided in the Commission Orders, which are on file with the Commission, are controlling. The map illustrates the boundaries contained in Commission Orders, but are not controlling. It should be noted that Certified Territories do not exist within any municipal boundaries. Areas of a Retail Electric Supplier shown within the boundaries of a municipality only represent areas, which may have previously been Certified Territory, or areas served as a result of a franchise. Further, it should be noted that a Retail Electric Supplier may or may not be authorized to provide electric service in an area included within the Certified Territory of another Retail Electric Supplier."
