The various environmental considerations specific to the Tulsa TMA were selected based on the data that was available for analysis on a regional basis and include:

- Lakes, ponds, or other water bodies
- Impaired Streams (including a ¼ mile buffer)
- 100 year Floodplain
- McClellan-Kerr Navigation System (including bordering property owned by the Army Corps of Engineers)
- Bald Eagle Habitat and Nesting Area (including a 1 mile buffer)
- Arkansas River Least Tern Preserve
- Parks (including ¼ mile buffer)
- Skiatook Wildlife Management Area
- Oil and Gas Wells
- Prime Farmland

Map Scale - 1:410,000
