## PLATTING/ SUBDIVISION CONFORMANCE REVIEW REQUIREMENT

For the purposes of providing a proper arrangement of streets and assuring the adequacy of open spaces for traffic, utilities, and access of emergency vehicles, commensurate with the intensification of land use customarily incident to a change of zoning, a platting requirement or subdivision conformance review is established as follows:

For any land which has been rezoned to a zoning classification other than AG upon application of a private party or for any land which has been granted a special exception by the Board of Adjustment to permit those uses expressly stated in Section 14.060 of the Tulsa County Zoning Code, no building permit or zoning clearance permit shall be issued until that portion of the tract on which the permit is sought has been included within a subdivision plat or replat, or a subdivision conformance review as the case may be, submitted to and approved by the Planning Commission, and filed of record in the office of the County Clerk where the property is situated.

I hereby certify that I have read and understand the above requirements and that I will plat, replat or comply with standards set by the subdivision conformance review for the subject property.
