Late payment charges for Corporate Responsibility User (CRU) accounts are applied according to applicable contracts.

### Electronic check conversion

Paying by check authorizes AT&T to use the information from your check to make a one-time electronic fund transfer from your account. Funds may be withdrawn from your account as soon as your payment is received. If we cannot process the transaction electronically, you authorize AT&T to present an image copy of your check for payment. Your original check will be destroyed once processed. If your check is returned unpaid you agree to pay such fees as identified in the terms and conditions of your agreement, up to \$30. Returned checks may be presented electronically.

### Company fees & surcharges

AT&T imposes additional charges on a per line basis, including federal and state universal service charges, an Administrative Fee (to defray certain expenses including charges AT&T or its agents pay to interconnect with other carriers to deliver calls from AT&T customers to their customers, and charges associated with cell site rents and maintenance), a Regulatory Cost Recovery Charge (to recover costs of compliance with certain government imposed regulatory requirements, including Wireless Number Portability and Number Pooling, and E911), and a Property Tax Allotment surcharge applied per Corporate Responsibility User's assigned number. These fees are not taxes or charges that the government requires AT&T to collect from its customers. See [att.com/mobilityfees](http://att.com/mobilityfees) for details.

Interest will be calculated based upon daily balances and will be applicable for each day that a delinquent balance is outstanding. The Federal Regulatory Fee recovers amounts paid to the federal government for regulatory costs and telecommunications services for the hearing impaired, and costs associated with local number portability administration. These fees are not taxes or charges that the government requires AT&T to collect from its customers.

**Attention Customers with Locations in New York: New York Telecommunications Relay Service (TRS) Telecommunications Relay Service**  
Access allows individuals who are deaf, hard-of-hearing or have a speech disability to type on a Text Telephone (TTY/TDD), a device resembling a typewriter linked to a phone. You can reach the TRS by dialing 7-1-1 in any state. A Communications Assistant (CA) reads the message to the hearing person at the other end of the line. The CA then types the hearing person's spoken words back to the TDD/TYY user. Each call TRS handles is held strictly confidential. No record of a conversation is kept. There is no charge to use TRS, however regular phone charges do apply. You may request that your long distance company be used when placing long distance calls through TRS. The Targeted Accessibility Fund of New York provides assistance to low income deaf, hard-of-hearing and speech disabled individuals so they may acquire text telephones and other equipment to provide critical telephone service. Caller ID on Relay Calls Customers who subscribe to Caller ID service will see the telephone number and if available, the name of the calling party for all calls made through Telecommunications Relay Service. Therefore, if you call someone who subscribes to Caller ID using New York Telecommunications Relay Service, your number and if available, your name will be displayed on their Caller ID screen. Please Note: Caller ID for all Relay Calls maintains the callers selected blocking features. If you use Call ID Blocking, your telephone number will not be sent to the person you are calling through NY Relay Service. If you use Call ID Blocking and the person you are calling through New York Relay Service utilizes Anonymous Call Rejection your call will not be accepted by that person. You may activate free per-call blocking for a TRS call by dialing \*67. Per-call blocking will flag the individual call as private and prevent delivery of your telephone number to the Caller ID subscriber for that call. To learn more about Telecommunications Relay Service call the Relay Inquiry Line at 1-800 664-6349 (Voice) or 1-800 835-5515 (TTY). Second version, for all other billers: Attention Customers with Locations in New York: Telecommunications Relay Service (TRS) allows individuals who are deaf, hard-of-hearing or have a speech disability to communicate with hearing individuals via a Text Telephone (TTY/TDD). You can reach the TRS by dialing 7-1-1. There is no charge to use TRS, however regular phone charges do apply. #### REGULATORY NEWS FEE DESCRIPTIONS

The Administrative Expense Fee recovers a portion of AT&T's internal costs associated with the Federal Communications Commission's Universal Service Fund and related programs. The Federal Regulatory Fee recovers amounts paid to the federal government for regulatory costs and telecommunications services for the hearing impaired, and costs associated with local number portability administration. These fees are not taxes or charges that the government requires AT&T to collect from its customers.

Attention Customers with Locations in New York: New York Telecommunications Relay Service (TRS) Telecommunications Relay Service Access allows individuals who are deaf, hard-of-hearing or have a speech disability to type on a Text Telephone (TTY/TDD), a device resembling a typewriter linked to a phone. You can reach the TRS by dialing 7-1-1 in any state. A Communications Assistant (CA) reads the message to the hearing person at the other end of the line. The CA then types the hearing person's spoken words back to the TDD/TYY user. Each call TRS handles is held strictly confidential. No record of a conversation is kept. There is no charge to use TRS, however regular phone charges do apply. You may request that your long distance company be used when placing long distance calls through TRS. The Targeted Accessibility Fund of New York provides assistance to low income deaf, hard-of-hearing and speech disabled individuals so they may acquire text telephones and other equipment to provide critical telephone service.
